

# *Soul Shine Reflections* **LEGACY TRIBUTE VIDEOS**

## **A special film for a life well-loved.**

**We gather your favorite photos, short clips, and cherished keepsakes and weave them into a heartfelt tribute—set to music that feels just right — and, if you'd like, guided by your voice or the voice of a loved one. Whether it's a birthday, a memorial, a life milestone, or a celebration of life, the result is a timeless, personal film that honors the moment and the memories. We handle the details with care and patience, working at your pace and, when needed, alongside your venue or funeral home—so you can focus on being present while we help preserve the story you want to tell.**
